

Expansion Of Citizen Committee Planned

**Addition Of 10 More
Labor Members To Aid
In 'Watchdog' Duties**

Addition of ten labor members to the Citizens' Committee to aid in administering the city pollution drainage improvement program was endorsed enthusiastically Thursday afternoon by committee members and subcommittee chairmen.

The plan for expansion of the Citizens' Committee is being forwarded to Mayor Davis. It has not yet been selected, but it is planned to include one representative from each of ten different labor organizations in Granite City.

The Health-Progress Program to be voted Tuesday, Oct. 2, it is vital that local working people get behind the election, because they have much to gain if it is approved and much to lose if it is defeated, a labor spokesman told the gathering.

"We've got an important job to do in serving as 'watchdog' on behalf of the public in all phases of the financing, construction and operation of a sewage treatment plant and a modern drainage system. We intend to do the job, and the additional Citizens' Committee members will help us make sure."

An extremely active role for the Citizens' Committee was discussed at the planning meeting.

Justifies Public Confidence

Expressing the belief that they will be able to justify public confidence in the program, committee members pledged themselves to observe and speak out as each step of the program is carried out. They emphasized that they will make sure personally that alert, competent inspectors are on the job at all times.

"Noting that all of the Granite City sewer breaks have occurred on lines installed by the Levee Board, the committee members said opposition to the Citizens' program apparently is being led by Levee Board politicians and a few local politicians seeking to court favor with the East in Louisiana."

"Past experience with payroll padding and sewers that break indicates that local voters will be led down a false path if they fall for the Levee Board line. They are anxious to see campaign funds are coming from, and our answer is that they are contributed by local citizens. The real question is where the 'No money is coming from'."

Soldier Wounded At GC Tavern

**Condition Fair Today;
Charge of Aggravated
Assault Is Filed**

Police Magistrate Gasparovic set a \$500.00 property bond this morning for Carl W. Hoffman, 25, of 2111 Lincoln avenue, who was arrested Saturday afternoon and charged with aggravated assault in connection with the shooting of a local Army Depot soldier Thursday night at a tavern here.

A second man is still being sought.

Witnesses said Pfc Robert C. Jones, 22, of the 574th Engineer Co., Granite City Army Depot, was shot five times after the soldier attempted to quell a disturbance. The gun used was a .25 caliber.

According to witnesses the soldier was sitting at a table in Sherry's Lounge on Madison avenue when he was shot.

Unlucky Patron

A man became unruly and knocked glasses off the bar, Jones, who was in civilian clothes, attempted to quiet the man by talking to him. When the man continued creating a disturbance a waitress entered the telephone booth, apparently to call the police.

When she did so the man ran to open the door to prevent her from making the call.

Witnesses, police reported, shot Jones after Hoffman fired four shots at him pointblank. The two men fled. Hoffman was the company of the other man.

Hit Twice In Chest

Jones was wounded twice in the chest in the stomach and his right arm was grazed. He was rushed to St. Elizabeth Hospital for emergency surgery. Medical personnel worked on him all the way to Scott AFB Hospital for emergency surgery. Medical personnel worked on him all the way to Scott AFB to keep him alive.

Two bullets passed through his body. One lodged in a lung. One of his legs also was injured.

After surgery he was listed in fair condition. He was taken from Brooklyn, N.Y.

Hoffman went into the police station of his own accord Saturday. He has made no statement, however, in regard to the shooting, police said.

**Mayor Davis May
Undergo Surgery**

Mayor Davis, who entered his hospital last Monday for a physical examination, underwent surgery Wednesday for a gall stone condition. Mrs. Davis said Hoffman was the driver of the car that struck her husband.

He hasn't been feeling well, and we think this might help him improve, she said.

Also in Jewish Hospital is David of Streets William Warfield, who underwent surgery Tuesday to correct a back injury suffered in a traffic accident last month.

Field's family said he is recuperating and might return home Wednesday or Thursday.

Steelworkers Ok 2-Year Contract With Gen'l. Steel

Improvements to three Venice streets were agreed by the city council Friday night, with cost estimated at \$13,000. The work will be financed from motor fuel tax funds.

Projects include resurfacing of Robin and Oriole streets from Brown street north to the railroad. Combination curbs and gutters are to be installed at an estimated cost of \$5000.

Also to be resurfaced is Lincoln avenue from Broadway to Fourth street. The project includes replacement of curbs and gutters where needed, and replacement of faulty sidewalk sections. The cost was set at a fine of \$3 to \$300 for a violation, with a separate offense chargeable for each day the violation exists.

Required By State

Mayor John E. Lee said both ordinances were required by the state highway division before motor fuel tax projects planned by the city could be approved.

City Atty. Harry E. Hartman said similar sewer ordinances have been passed previously relating to specific sections of the Venice sewer system. Enforcement of the new ordinance is expected to be resumed by Thursday.

Apparent Suicide Attempt At Canal

A Ferguson, Mo., man was released from the Wood River Hospital today after he apparently attempted suicide early this morning by jumping from the Chain of Rocks canal bridge into the canal, county authorities reported.

The man was identified by St. Louis county police as Charles Clayton, about 35, of Ferguson.

The Madison county sheriff's office reported that an unknown person had parked a car bearing Missouri license plates in the center of the canal bridge about 5:30 a.m. today and had jumped from the bridge into the water.

Deputies called to the scene found a man walking south along the bank of the canal, his clothing wet. They reported he was incoherent, but indicated he wished to return to the center of the bridge and attempt to jump again.

They said he was unable to answer questions. A note found on the seat of the auto parked on the bridge read: "No one is to blame, I can't live without my son. Please pray for me."

The man was taken to Wood River township Hospital, where he was held for observation. County authorities said doctors approved his release to a Rosemary Freeman of Ferguson, who was identified as a neighbor and friend.

The automobile is registered to a Mrs. Neva Clayton of St. Louis.

Wilson PTA Meeting

Sewer Charge Explained For Nameoki Residents

Details on the monthly rate set for Granite City's drainage pollution abatement program were given to about 70 members of the Wilson school PTA during a meeting Thursday evening at the school.

The speaker for the Citizens' Committee was G. H. Sternberg, who pointed out that if the levee district builds the treatment plant, Nameoki area residents would pay more than the \$3.25 minimum monthly rate.

He stressed the minimum monthly rate for the Citizens' Committee's program for the Nameoki area would be 75 cents, which would be added to the present \$2.50 monthly charge for sanitary sewers to total \$3.25.

\$3.50 Levee District Cost

The levee district's charge for sewage treatment only—without the benefits of a widened, paved and fenced ditch—would be \$1.40 a month, boosting the total monthly charge for the Nameoki area to \$3.90.

Under the levee district's plan, no drainage lines are provided. The sewage treatment plant alone would cost \$3,000,000, or more than twice the \$1,225,000 set for a plant under the Citizens' Committee program.

After the \$9.75 water bill figure is reached for a quarter, the sewer charge would match the water rate figure. This would be divided by three to get the monthly rate, Sternberg explained. The comparison holds only if the water company's rate does not change.

Sewer charges will not go up if the water company is granted a rate increase. The local sewer charge is based on water consumption and not on the water rates of the utility.

Also, the sewer bills are to be based on the winter water consumption, when use of water is at the lowest.

day night's ordinance specifies the entire system.

The council voted to pay \$3504 with trade-ins for two new police cars. The offer, submitted by Mathews Chevrolet Co., was the only one received.

It specifies two specially-equipped Blazeanne series Chevrolets at \$4751, allowing \$1381 for the city's two 1960 model autos, plus 4% sales tax.

Mayor Lee said the dealer indicated delivery of the vehicles could be made within three weeks to a month after the council took action.

Police Appointment

The council confirmed a recommendation of the board of police commissioners that Joseph M. Meschut be appointed a probationary police officer, effective Oct. 1.

At the request of Police Chief Frank DeWitt, the council authorized expenses of \$100 each for two policemen to attend a meeting of the Policemen's Benevolent and Protective Association at Champaign Oct. 8-10 and two others to attend a later meeting of the Illinois Police Association at Peoria.

On recommendation of Hardesty & Hanover, consulting engineers, the council rejected General Contracting Company's bid of \$10,397 for resurfacing the west end of McKinley Bridge. Only one bid was received. The New York engineering firm had estimated cost of the project at \$600 and recommended that it be re-advertised next spring.

How to ask your bank for a Nice Big Loan

(AND BE REASONABLY SURE OF GETTING IT)

If you ever hope to be wealthy or even comfortably fixed, the logical thing to do is to learn how to borrow money. And where. Like many other important things, learning about money takes some practice, some skill—and, often, some help.

Here are five easy rules that will help you borrow wisely.

First, pick a Full Service commercial bank (like us) that's handy to your home or work. (A Full Service commercial bank is really a financial department store which makes all kinds of loans at rates generally lower than you'd get anywhere else.)

Second, do all your major banking business with that Full Service Bank. (This includes both your checking account and your savings account. The more business the better.)

Third, get personally acquainted with a bank officer

and fill out a Personal Financial Statement. One of ours will be glad to help you do this.

Fourth, keep your savings account active and growing with regular deposits and try to maintain a reasonable balance in your checking account.

Last, make a few worthwhile small loans and pay them back on schedule. (This does wonders for your credit reputation.)

Get to know your banker before you need him

Almost before you realize it, you'll have earned yourself a financial partner. Now, when you're ready to go into business for yourself, send the kids to college, or whatever, we'll be able to help you, both with sound financial advice and low cost loans.

Sound logical? Why not get started with our Full Service commercial bank now?

Water Rate Boost Objects To Be Heard This Week

With a Nov. 28 deadline for hearing evidence in the water rate increase application by East St. Louis & Interurban Water Co., the Illinois Commerce Commission will hear evidence from objectors Thursday and Friday at Springfield.

If the hearings are not completed by the November deadline, the increase becomes automatic until such time as the ICC might take other action. However, the commissioners are planning to complete the hearings by Oct. 15. With the earlier date, they plan to give ample time to studying evidence. The water company is seeking a 47 1/2% rate boost.

Experts To Testify
Randal Robertson, local attorney for a large water users group, told the Press-Record he will call Dr. Werner Hirsch, an expert statistician, to testify Thursday.

Dr. Hirsch, a Washington University professor of economics, is to bring out the water company's 125 inspection of its 23,000,000 feet of water pipe were not conclusive. He contended that 125 inspections were not selected scientifically and that the estimated replacement cost of \$20,000,000 was in error.

Also slated to testify is a utility engineer, Michael Drazen of St. Louis.

It is to present a review of the utility's 125 property inspections to serve customers as related to the amount invested. He said it is to submit a proposed rate schedule.

representing all walks of life in the community. Its members include men of outstanding reputation and integrity who are conducting an informal check-up on the understanding of all the election issues, it was pointed out.

Expansion of the committee with ten additional labor representatives is planned as a result of the enlarged scope of the Citizens' duties. The enlarged group will number more than 30.

It was noted that the mayor and city council have taken formal action to request and empower the Citizens' Committee to "serve in a close advisory position on all matters concerning the city."

Purpose of the committee's new assignment is to provide close liaison between officials and residents on all phases of the program and to aid in bringing about the improvement of the drainage improvements and sewage treatment plant.

"This is because a 'No' vote will solve nothing and will only open the door to the new Board for an admittedly inefficient, costly project. There is too much at stake to let this happen. Action is essential."

Advantages cited for local working people—besides a permanent job due to the drainage work, huge Urban Sewage treatment plant, all of the backlog of new construction and attraction of new industry; local jobs in operation of the treatment plant, with local control over the treatment charges to a minimum; high income and easing of the tax burden through community growth and prosperity; and a better place in which to live and work, including the advantages of many civic improvements built with 100% federal funds.

Their headpieces were in shades to match and all of the attendants held bouquets of white carnations and pink roses. The little flower girl was in yellow nylon net with puffed sleeves and a tiered organza skirt.

For her daughter's wedding, Mrs. Moerlein selected a dress of maroon printed jersey of black, brown and orange with an orange hat and black accessories. Her corsage was an orchid. The weddinggown's parents Mr. and Mrs. John Reinhardt of Riverside, Calif., were unable to attend the wedding.

Robert Becker was best man, and the corps of groomsmen and ushers consisted of Henry Moerlein, a brother of the bride, Charles Pilger, a brother-in-law, Donald Poy and Bob Van Winkle, elders in the church, David Moerlein, another brother of the bride, Stanley Boyer, Gary Oram and Robert Decker.

Two brides were held before the ceremony, one for the bride, and the other for the

bridegroom. The former took place at the John Hand home, 2014 Meridian street, and that for the groom at the home of the bride. A reception at four o'clock at the home of the bride's parents followed the church ceremony. The newlyweds will be at home after Oct. 7 at 1718 Edison avenue.

Schneffe-Coleman Nuptials Saturday At Sacred Heart

Miss Sandra Coleman and Donald Schneffe exchanged wedding vows Saturday morning in a ceremony performed at 10 o'clock at Sacred Heart Catholic Church by Rev. Daniel Vaska.

The bride's cousin, Richard DeClue and Anthony Pustier, served as the Nuptial Mass.

The bride's parents are Mr. and Mrs. S. E. Coleman, 2619 S. St. Louis, and the groom's parents are Mr. and Mrs. William Schneffe, Rural Route One, and the late William Schneffe.

The bridegroom of lustrous silk peau de soie was fashioned with re-embroidered Alencon lace motifs enriched by crystals and seed pearls trimming the bodice and front of the gown.

The bell-shaped skirt had a sweeping, detachable chapel-length train. A rosette headress and elbow length bouffant veil gave the finishing touch and the bride held a bouquet of lilies of the valley, joy and cymbidium orchids centered with a removable corsage.

The bride, a sister of the bride, as matron of honor, was attired in a gown of avocado green brocade taffeta accented with a bell-shaped skirt. The bodice had a scoop neck and short sleeves and she wore a pill box hat of the same color.

The bridesmaids, Mrs. James Hendricks, another sister of the bride, Miss Mary Lou Phelps, a niece of the bridegroom, Miss Karen Harley and Miss Mary Theresa Schuler, were similarly attired in gold. All wore pillbox hats.

For her daughter's wedding, Mrs. Coleman selected a coffee colored lace sheath over beige taffeta, while the bridegroom's mother appeared in a suit of French beige. Both wore matching accessories and corsages of cymbidium orchids.

Wedding music was furnished by Mrs. Margaret Crawshaw, organist, and Richard Judd, soloist.

The wedding breakfast was held at the VFW Hall at noon, followed by a reception. The newlyweds left later for a honeymoon in the Missouri Ozarks at Lake Taneyago.

The former Miss Coleman is employed by the International Shoe Co., St. Louis. Her husband is an employee of the McDonnell Aircraft Corp. Both are graduates of the Granite City high school.

Hearts prove it has No Fluke, Beat Moose Again

Reach Playoff Finals With 10-Inning 8-5 Win; Face Pocahtontas On Sunday

Sagred Heart, the only club to whip Moose Lodge of East St. Louis twice during the regular Inter-City Baseball league season, made it three in a row over the Red division champions yesterday afternoon in East St. Louis, 8-5, to advance to the 1-C playoff cup finals which will begin at Wilson Park next Sunday afternoon.

The Hearts are to meet defending playoff champion Pocahtontas in the best two-out-of-three series. The Braves advanced to the finals behind Lonnie Griffith's one-hit 7-1 victory over McAttee Glass in the Blue division eliminations at Pocahtontas Sunday.

Paul Schuler's club beat the Moosemen for the third time in four tries this year, the hard way at Jones Park in East St. Louis yesterday, coming from behind twice and pushing across three decisive runs in the top of the 10th.

Jim Reiter, who relieved starter John Rains in the ninth, was the winner, while Doug Edwards, who pitched the first nine innings for Moose Club, took the loss.

Two-Out Homer By Bain
The Hearts were just one out away from elimination in the ninth, trailing 4-3, when Schuler tagged Edwards for a double and Jim Bain put the Granite City club ahead 5-4 with a two-run homer.

Reiter relieved Rains after John Basarich had doubled for the Moose in the bottom of the ninth, and Basarich was out when he tried to move to third on a ground ball. But a walk to Larry McCaskey and Ed Blake's double put runners at second and third, and when McCaskey tried a steal of home, Reiter was charged with a balk and the tying run scored.

But the Hearts, who had 17 hits, walked down the division

Hollis Wins Speedway's Feature Race

Dave Hollis of Granite City grabbed the feature race for super modified stock cars Saturday night on the one-half mile oval at Tri-City City Speedway.

Olle Runyon was second and Jim Mohon third as drivers turned up for the season's longest race, a 200-lap event scheduled at the track next Saturday night.

Fastest qualifier among the modified car drivers was Chuck Taylor, Taylor won a modified heat race while Granite City's Wib Spaulding took first in the handicap event for the six fastest persons are invited to a modified heat.

Glen Vetter was first in the amateur class feature event, and also won the first amateur heat. They did not score again until the eighth, leaving 10 men stranded in the first five minutes.

Moose picked up a 2-1 lead in the sixth and, after walks to Bain and Mike Sues and a two-run throwing error by the Moose, had put the GC team ahead 3-2.

The top of the eighth, the Moosemen came back with two in the bottom of the same frame to lead 4-3.

Pocahtontas reached McAttee loser Toddy Gallus for 10 hits, including Mike McKinney's two-run homer in the third. Rains' errors led to the Glassmen's only run in the fourth. Pocahtontas won the game, 5-4, with a four-run fifth.

Sunday's opening playoff game

Griffiths and Rains are the likely opposing pitchers.

Six Shutouts In Touch Grid League

Shutouts were in style Saturday in the Granite City park district's touch football leagues for boys, with six recorded in eight games played.

Five players scored as the Rams blanked the Mustangs 35-0 in a 50th-grade league encounter. Dan Hodges scored twice for the Rams. The Jets followed with an identical 35-0 win over the Eagles in the same league as Gus Dignall and Gary Simpson each accounted for two touchdowns.

Steve Henshaw's TD and extra point gave the Falcons a 7-0 edge over the Trust Bank in the third 50th-grade league game of the morning.

The Twilight Optimists handed the Lions their first setback in 7th grade league play, 7-0 with Don Rains' extra point the difference.

Another 7th grade contest went to the Cardinals by a 20-0 score over the Eagles, as John Hommert scored twice for the winners. In their second contest of the day, the Lions responded to stop the Browns 13-5.

Two shutouts were scored in the 3rd-4th grade league. Bill Christensen tallied twice as the Warriors downed the Steelers 15-0, while Mike Wilson and Joe Wallace each accounted for two scores in the Rams' 32-0 win over the Tigers.

The recreation center will have movie nights each Friday, showing a full-length feature and a serial on a program suited for adults and children, Robinson said.

Senior and junior high school boys' clubs, which hope to raise funds to support their own activities, including dances at the center, are scheduled for formation this fall. "We're also interested in forming additional clubs for grade school age boys," said Robinson, who is assistant recreation director for the park district.

Gym, Football Underway
Robinson has full touch football and gymnastics activities underway.

Two recreation center football teams are participating in the park district's league play, and three gymnastics classes on different proficiency levels are being instructed.

Warriors Switch To T, Extend Win Streak Over HS

Herman Goes Final Yard For Game's Only Score In 6-0 Victory For GCHS

Switching quarterbacks and offenses, and playing tenacious defense once it had gone ahead in the second period, Granite City extended its football win streak to four in succession over arch-rival Madison Friday night on the losers' gridiron, 6-0, before a 3000-plus fans.

The victory also pushed the Redmen to 2-0 for the season and set the stage for next Friday night's Southwestern conference opener at Collinsville, where the Kahoks are also 2-0 after edging past surprise Quincey 6-0 on a last-quarter touchdown.

Granite City used the standard T formation for perhaps 90% of its offensive plays in the place of the single wing-T which Coach Al Lewis depended upon last week in a one-point victory over Assumption.

Madison mentor Glen Pickering said afterwards that the switch came as no surprise.

A nice surprise — for Granite City fans — was the quarterbacking of senior Bill Lerman, who ran the T series and its options smoothly all evening. He scored the game's only touchdown with 8:48 remaining in the second period when he slid off his own right tackle from one yard out, climbing a long ground murre which had begun 17 plays earlier on Granite City's own 25-yard line.

Penalties And Fumbles
Most observers had expected more scoring in the contest, but GC was thwarted time and again by long penalties, 113 yards in all, while Madison wasted its scoring opportunities via the oldest of football bugs — the fumble.

Three times the Trojans had budding drives nipped when they mishandled the ball. On each occasion a substitute sophomore guard, Ernie Kern, covered the ball for Granite City. Outgained and outgained by Madison in the first half ("but we had the touchdown," Lewis said), Granite City played keep-away effectively in the last two quarters, so effectively that the Trojans ran only 11 plays from

scrimmage over the final 24 minutes, and netted only four yards on the ground.

Reach GC Seven

A 46-yard pass play from quarterback Gary Skinner to tight end George Russell midway in the third period — Madison's only pass completion of the evening — was the most serious scoring threat posed by the host team, which has not beaten GC since 1937.

Skinner hit Russell from his own 44, and Russell was hauled down from behind on the Granite City 10.

Fullback Terry Andrews carried to the seven, halfback Walt Cooper was stopped for gain and then defensive tackle Jesse Wise broke through to nail Andrews for an eight-yard loss and the threat.

Madison penetrated inside the GC 20 only one other time late in the second quarter when Cooper and Andrews alternated loose ball on the Madison 43 in the second quarter, and recovered again for the Warriors late in the fourth period on the Trojans 23.

"A Hot Seat"
The Redmen slugged as far as the Madison 11 in the final seconds, more intent on maintaining possession than scoring again. "When you get a 6-0 lead, you're the one who's in the hot seat," Lewis remarked.

Joe Hauptman, who attempted the point-after-touchdown booted the ball firmly but it veered off to the left of the uprights.

The contest was a rough one with Granite City drawing 30 yards in penalties for major infractions in the fourth quarter alone. Madison was penalized 44 yards, all of it in the first quarter.

"We played a lousy second half," said Pickering.

WALLOPING WALT. Madison halfback Walt Cooper (light uniform) digs hard for additional yardage as he crashes, head down, into two Granite City defenders, Terry Noblin (10) and Bill Boyd, on a seven-yard gainer in the

first quarter of Friday night's inter-city football battle in Madison. Warriors "held" Cooper to 58 yards rushing and scored a 6-0 win on Bill Herman's one-yard TD plunge in second period.

Alta Lopez Photo

simply wasn't blocking and Cooper was getting smacked just as soon as he got the ball."

Keyed On Cooper

Granite City's defense was obviously keyed on Cooper, who picked up 138 yards rushing against Edwardsville last week, and it stopped him cold in the second half after the Madison halfback had netted 58 yards in the first two periods, mostly on off-tackle slants.

Granite City's leading gainer was fullback Bob Pyle, who accounted for 45 of his 78 yards in the second half and led all ball-carriers with a 49 average.

Sophomore halfback Nick Perillo broke loose for the night's longest gainer when he carried 37 yards to the GC 48. On the previous play Larry Noblin, relegated to defensive play when Lerman took over as the warrior quarterback, had intercepted a Skinner pass on the Warrior 11.

Pickering, whose ranks may well be thin as he contends, made only four substitutions in the contest. Granite City kept pounding the both-ways Madison players, and ran 25 more plays from scrimmage in the second half than did the Trojans.

With its ground possession game going well, Granite City threw only seven times all evening. Ron Yates' over-the-head catch of a Lerman toss for a 22-yard gainer in the fourth quarter was the prettiest play of the evening and came in a sustained series, which saw Granite City move from its own 11 to the Madison 12.

The Trojans threw up a goal

line defense which very nearly stopped the game's one TD drive. Lerman's six-point came on fourth down after GC had crept only five yards in

Braves Blank EHS

Fresh Here, 13-0

Coolidge junior high school's defense sparked and fullback Ricky Turner accounted for all the offensive touchdowns Thursday at the GCHS football field as the Braves opened their football season by blanking Edwardsville's freshman club 13-0.

Turner scored two touchdowns on cross-backs off tackle, going 30 yards early in the fourth period and 20 yards for a score later in the final quarter. He plunged for the extra point after the second score.

The Edwardsville defense held up well for three quarters in a scoreless game, although the Braves came close in the first passed to Terry Cassy in the end zone for an apparent TD. But officials said Cassy caught the ball just beyond the back end zone marker.

Edwardsville could penetrate no closer than the Coolidge 20. Cited for defensive performances were linebackers Jerry McKeahan, Turner and Bill Grable, plus defensive center Jimmy Gann. The Braves play again Thursday at Webster JHS in Collinsville.

Game time tomorrow is 4 p.m.

The Braves will take to the road, playing against McKeahan, Turner and Bill Grable, plus defensive center Jimmy Gann. The Braves play again Thursday at Webster JHS in Collinsville.

Miss Barbara Ann Bell And John Uiffers Jr. Wed Friday

The wedding of Miss Barbara Ann Bell, a daughter of Mr. and Mrs. Chester U. Bell of Alton, and John Uiffers Jr., whose parents reside at 1630 Fourth street, Madison, took place Friday evening at Christ Church Cathedral, Thirteenth and Locust streets, St. Louis.

Very Rev. Ned Cole performed the 7:30 ceremony assisted by Rev. Early Pindexter. Bouquets of white summer flowers decorated the altar, and preceding the ceremony there was a thirty-minute organ recital by Ronald Amati, organist and choirman. The Cathedral mens and boys choirs sang during the ceremony and provided the choral processional and recessional.

The bride was given in marriage by her father. She wore a gown of silk organza over tulle. The bodice, into which was set long wrist-point sleeves, was re-embroidered with Alencon lace and the skirt ended in a chapel train. A folded illusion veil was held to the bride's hair with a beaded pill box hat and she carried a bouquet of Pulli mums and gladioli.

The attendants, Miss Kathleen Bell, a sister of the bride, as maid of honor, and bridesmaids, Miss Maryanna Uiffers, a sister of the bridegroom, Miss Patricia Perkins and Mrs. Patricia Camp.

Reed, the latter two from Alton, were identical gowns of ocean green slipper satin with panels and cummerbunds of cream. They were designed with scoop necks, short sleeves and floor-length skirts. The bridesmaids wore short of roses in the sea green shade. Their flowers were cascades of bronze mums.

The bride's mother selected a brown two-piece knit dress, a brown hat and accessories, while Mrs. Uiffers Jr. wore beige and brown. Both had corsages of Tallman roses.

George Markly of Madison was best man for Mr. Uiffers, and William Gottschall of Overland, Mo., a cousin of the bridegroom, W. James Thompson, and David Richardson served as groomsmen. The guests were seated by three ushers, James Ashley, Gerald Purcell and Lawrence Ashley. A reception at the home of the bride, 237 West Nineteenth street, Alton, followed the ceremony, the guests being limited to relatives and close friends.

The newlyweds have returned from a short wedding trip to Alton, where they are residing at 2114 W. 10th street, Alton. The bridegroom is a member of the faculty of the West Junior high school. Mrs. Uiffers Jr. is a medical assistant in the offices of Dr. W. H. Middleton in Alton.

\$21 MILLION—1900 HOMES "SOLD" THE PAST 8 YEARS

CITIZENS INDUSTRIAL FINANCE COMPANY

The CITIZENS INDUSTRIAL FINANCE COMPANY was organized as a corporation in the year 1926, by local residents, and is to this date controlled by local residents. Immediately upon its organization, the Company was authorized to do business under the Small Loan Act of the State of Illinois, so that the primary function would be the lending of money to the working man, repayable in monthly installments. This, the small loan, is still the primary object of Citizens Industrial Finance Company, after 36 years.

The needs of the people throughout these past 36 years have changed, as the conditions have changed, and the operation of the Citizens Industrial Finance Company, until the present time, the maximum amount of an individual loan at the start, under the Small Loan Act of the State of Illinois, was \$300.00, whereas the present maximum loan is \$400.00.

Citizens Industrial Finance Company is unique in that the actual management of the office has remained in one person for all these years. Charlie F. Reimers was the first Secretary of the corporation and the managing officer of the company, and is still the man you meet when you go into the office. He is still the man who knows the actual place of business has been in several different locations, with the present location across the street from the Post Office at 1200 Niedringhaus Avenue, Granite City, the same understanding, efficient manager has been present to help folks.

The people of this area have evidently appreciated and responded as it is evident from the amount of \$10,000,000.00 having been loaned out and repaid through the Citizens Industrial Finance Company. The Ten Million Dollar was loaned to Mr. & Mrs. Isaac Howard of 4281 Breckenridge Lane, Granite City, Illinois, and to commemorate the 36th anniversary of the company, a radio was presented to these local residents, in the presence of Gloria Wulff, teller, and Donald Young, Assistant Manager, by Charlie F. Reimers, as seen in the picture shown here.

The board of directors of "Citizens" as it is known in the Quad-Cities consists of M. Fleishman, A. W. Morris Jr., who were on the original board of directors and have been elected to serve, and T. D. Studebaker, L. S. Fleishman and C. F. Reimers.

Test Scoring Machine Is Available To Teachers

An IBM scoring machine has been installed in the county superintendent of school's office in Edwardsville in order to give prompt test scoring service to the schools of Madison county, according to Chester D. Ryan, county guidance coordinator.

Over \$1700 was expended last year for scoring services by the schools in the county, Ryan said. The new machine will eliminate this expense in addition to saving teacher time previously spent in hand scoring tests, he added.

The machine may be used for classroom tests as well as the standardized variety, so long as the answers can be marked on the machine scoring answer sheet.

Red Cross Provides Community With Safety, Emergency, Home Services

Red Cross is a volunteer organization. The Tri-City chapter chairman, officers, and board of directors are all volunteers. The office at 2035 State street in Granite City is staffed by two paid persons, executive secretary Mrs. Ruby Overbeck and office secretary Mrs. Mildred Meehan. No one else is on payroll except a custodian who visits the office once a week.

The chapter's share of the United Fund will be \$28,000 for the 1962-63 fiscal year. A budget of that amount was approved by the United Fund and that much will be allotted from the money collected next month in the annual appeal.

The chapter allocates a portion of its money to the national Red Cross. This is necessary that field directors all over the world can be paid. There is a field director at all large military posts. Without them, there would be no fast and efficient way of making contact with servicemen.

Disaster Assistance
Another reason for allocating money to the national Red Cross is so there will be funds for disasters.

When five or more families are involved in a misfortune the chapter considers it to be a disaster. Several such cases have been handled. Local funds are used for disasters up to \$500. In cases involving larger amounts, the entire cost is borne by the national Red Cross. All aid disbursed in a disaster is given as an outright grant and is never repaid.

In serving the Granite City Army Depot, the local chapter is acting for the field director who, in this case, is stationed at Scott AFB. Therefore, emergency leaves, verifications and loans for transportation to go home on leave are handled locally.

Loans to servicemen going on emergency leave are repaid to the chapter by Scott AFB. Other loans and services are financed by the chapter.

Emergency leaves are handled by the Red Cross because of the need for verification of the need of the serviceman involved. The chapter neither approves or disapproves such leave requests.

Emergency Calls

Emergency calls are frequently taken at night. A serviceman on emergency leave and without funds will necessitate opening the Red Cross office regardless of the time that a loan can be made.

A serviceman on emergency leave from overseas is provided free military transportation to the United States. He may need a loan from the Red Cross, however, to reach home.

Repayment of such loans is scheduled so as not to cause undue hardship. No interest is charged and repayment usually is at the rate of \$5 or \$10 a month. Payments are replaced in a revolving fund so money will be available for the next serviceman in need. If repayment would cause serious hardship, a loan may be cancelled and made into an outright grant.

The military frequently asks the Red Cross for a social history of a serviceman. These may be needed in cases of difficulty adjusting to the service, physical or mental illness, suitability, hospitalization, etc. The Red Cross can determine how a court martial sentence is to be served, military prisoners in civilian institutions, AWOL servicemen, military prisoners, convicts or sick leave and a recommendation of men who become mentally incompetent.

Repayment of such loans is scheduled so as not to cause undue hardship. No interest is charged and repayment usually is at the rate of \$5 or \$10 a month. Payments are replaced in a revolving fund so money will be available for the next serviceman in need. If repayment would cause serious hardship, a loan may be cancelled and made into an outright grant.

The military frequently asks the Red Cross for a social history of a serviceman. These may be needed in cases of difficulty adjusting to the service, physical or mental illness, suitability, hospitalization, etc. The Red Cross can determine how a court martial sentence is to be served, military prisoners in civilian institutions, AWOL servicemen, military prisoners, convicts or sick leave and a recommendation of men who become mentally incompetent.

Report For Year

Last year's report shows: First Aid. There are 10 authorized first aid instructors in the Tri-City Chapter. Classes were taught to Auxiliary Police, Civil Defense, Girl Scout leaders, volunteer firemen and others. Standard first aid cards were issued to 41 persons and advanced first aid cards to 36. Instructors volunteered their time and provided their own transportation to participate.

First-aid stations were provided for public events. Safety films were shown to employees of local industries, speakers were provided, demonstrations given and first aid club formed in Madison with a membership of 20.

600 Gather At St. John Confirmants Centennial

Following a buffet dinner Sunday evening at St. John United Church of Christ on Nameoki road more than 600 confirmants and guests paid tribute as the following persons were recognized:

Mrs. Elizabeth Burdett, Tienm, St. Louis, from the oldest class, 1883; Herman Meyer, Edwardsville, from the 1884 class; C. P. Willard, of the class of 1893, who traveled the greatest distance from DeBarry, Fla., and Mrs. Marie Fritz, of the 1902 class who resides in Bloomington, Ill.

Elmer Stille, master of ceremonies, equipped with a portable microphone, interviewed spokesmen from the various classes. Experiences related included everything from mule transportation to rooming and boarding

at the parsonage for an entire winter in order to attend Confirmation.

The program was brought to a close in the dining room with the assembly singing oldtime hymns, first in English and then in German. After a brief intermission the group re-assembled in the sanctuary for a candle-light vesper service.

Mrs. Velma Carraber and Mrs. Georgia Surber sang "Teach Me To Pray"; and the pastor, Rev. Paul Surber, spoke on the topic "My Confirmation Vow."

The committee for the reunion, Mrs. Carraber, Mrs. Freda Burdett, Glenn Abenroth and Leonard Bickel, announced that during the first 100 years St. John's had confirmed a total of 1493 people. Of the number 952 are still living.

Four Plead Guilty In Venice Hearings

Guilty pleas were entered by four persons at hearings before Venice Police Magistrate Wesley Edwards Saturday. Three of them by forfeiture of bond.

Florence York, 60, of 1208 Edwardsville road, Madison, forfeited \$10 bond on a charge of passing a school stop sign Sept. 17; Leon Taylor, 47, of East St. Louis forfeited \$15 bond posted Sept. 15 on driving without a license; and Thomas L. Sanders, 22, of 817 Madison avenue, Madison, forfeited \$25 posted on a charge of disorderly conduct Sept. 16.

Robert L. Cole, 72, Brooklyn, pleaded guilty to a common assault charge, reduced from assault with a deadly weapon. The charge arose from the Sept. 5 slaying of another Brooklyn man. Cole was fined \$25 plus costs.

Jack Mathews Charged By St. Louis Police

Jack Mathews, 30, of 6 Frontenac lane, was charged by St. Louis police with careless driving at 4:33 a.m. Friday after a witness said his auto was traveling approximately 85 miles-per-hour on Interstate Route 70.

The charge came after another auto was involved in a collision at Interstate 70 and the Salisbury street exit. A truck driver told police both vehicles, apparently traveling together, had passed him a short time earlier. The other driver, William Skaggs, St. Louis was injured.

Thousands Of Cars Jam All Routes To Air Show

Thousands of people swarmed to Lakeside airport Sunday to see the U. S. Navy's top flight jet demonstration team, the Blue Angels, and parachute demonstration team, the Chuting Stars. Thousands of others didn't make it. They were bogged down in the traffic jams that extended as much as 20 miles from the airport.

Among those who tried but didn't make it was John Bromfield, the "Cochise" of television fame. He was to have been a narrator. Bromfield telephoned in but nothing could be done to assist him.

Whether or not the sponsoring organization, the Long Lake volunteer fire department, will get its new fire engine remains in doubt, however. Most of the facilities went unused.

Highways Jammed — A \$1 donation was asked for admission to the field. Unlimited free parking was provided. The day was "won" by the thousands who refused to pay the stipend and parked on the highway shoulders and picknicked, adding to the bottleneck that kept thousands of would-be paying spectators from approaching "the airport."

Farmers offered parking at 50 cents an auto throughout the area. Hundreds parked at the farms and either watched the show for nothing or attempted to crash the gate by walking in. Snow fences provided by the Illinois Highway Dept. and dozens of pickets foiled most of the gate crashers, however.

Enterprising people took advantage of the highway situation and hawked sandwiches, soft drinks and even beer all along the shoulders, much to the disadvantage of several local veteran's organizations that offered food and soft drinks at concessions inside.

Jack Bettig of Venice, chief pilot for a local crop dusting firm, was first on the program. He thrilled the crowd with low level flying, demonstrating dusting techniques and flying between poles placed only a few yards apart.

The Navy's Chuting Stars were next, jumping in groups and landing in most cases within a few feet of one another. Because of a lower cloud base than was expected, the plane was forced down to a lower altitude than the planned 12,500 feet for the demonstrations and some of the planned stunts were not performed.

After their performance they autographed programs and demonstrated parachute packing.

Combat Maneuver — The Blue Angels swept in next with their famous "four corners" opening act. Four jets swept in from opposite corners of the field, meeting in the center with separations of only a few feet of altitude. Then followed an exhibition of other precision flying techniques. All the stunts actually are combat maneuvers performed at low altitude and with the aircraft closer together than normal. The pilots resent

being called stunt pilots for that reason.

Approximately 400 persons were involved in the show including 300 hired locally; service personnel, extra police and members of the civic and patriotic organizations manning concessions.

Youth Panel Touches On World's Events

Local, national and world events were discussed by a student youth panel and Dr. Kurt Glaser, associate professor of government at Southern Illinois University, at the local YMCA Friday evening. The students expressed interest in learning details and gaining insight in affairs that would govern their futures.

The discussion, sponsored by the Granite City Civic League, centered on domestic problems, foreign policies and court cases. The session was attended by about 30 persons, including a number of college students.

Dr. Leo Coleman, president of the Civic League, was in charge. He turned the evening over to Jeff Chaboude, an SIU student, who served as moderator. On the panel were two Granite City high school seniors, Norma Rivenburgh and Kathy Orris, and two college students, Pat Schuman, an SIU sophomore, and Norman Kinder Jr., who attends St. Louis University School of Law.

Following the discussion period, a social hour was held.

HUGE LIBRARY will be located near the center of the campus, at the northern edge of the main academic area. The library, as well as other buildings planned for the near-by SIU campus, is designed

to help the university serve an expected 18,000 students by 1970. If zoning legislation is provided soon enough, construction is to begin in time to allow occupancy by the fall of 1964.

CENTRAL CAMPUS AREA is shown in this sketched map, with first-stage campus buildings shown in solid black. Other buildings planned for future construction are shown in outline. Huge parking areas are to be provided in the section which would lie to the east of that part of the campus shown here.

Knowledge Of Bleaches Helpful To Homemakers

By Mrs. Elaine P. Wendler,
Madison County Home Adviser,
Home Economics Extension,
University of Illinois.

Sunshine was the first wash-day bleach and it is still an effective one. But because you cannot depend on the sun shining every day, bleaches and whiteners in bottles and boxes are today's wash-day routine. Knowing these facts about such products and how they affect fabrics may help you to use them better.

Chlorine — Used in the wash with soap or detergent, chlorine removes soil and stain. It should not be used on silk, wool, acetate or items marked "do not bleach." Used on any of these, it may turn them yellow and weaken the fibers of wool. It will not harm vat-dyed colors, but be sure clothing is marked vat-dyed before using it. Clothing must be rinsed thoroughly to remove possible odor. Stubborn stains can be removed before washing by soaking in concentrated solution. Chlorine comes in liquid and dry form. Follow directions carefully.

Perborate — This bleach is for "unbleachable." Milder and slower acting than chlorine, it is safe for all fabrics. Perborate works best in hot water and, if used regularly, it helps to keep things bright, but it will not remove soil or stains as quickly or completely as chlorine. Available in liquid and powder form.

Optical dyes — These products are in most soaps and deter-

gents. Although you cannot see (or feel) optical dyes, they coat the fabric. After several washings they do make fabrics look whiter. It is best to add chlorine bleach toward the end of the wash period (if added earlier the bleach counteracts the effect of the dyes).

Bluing — This is a blue coloring which, like optical dyes, coats materials. As fabrics age, they sometimes return to their natural yellow color, losing the dye that makes them white. Bluing can give old fabrics a white appearance.

Store Clean Summer Clothing — The end of summer means storing and packing summer clothing. To prevent mildew, a dry, relatively cool place is best for storing summer clothing.

Store clothes clean and unironed. If you don't wash them, the starch, deodorant and perspiration left in them will cause fibers and material to discolor and disintegrate. If your children are still growing, it's a good idea to take the hems out of the garments before you wash them the last time before storing them. Then when next summer comes the clothes have to be made longer, the old hem line may not show.

Before storing bathing suits, wash them thoroughly to remove any chlorine left from swimming pools. Nonwashable clothing should be dry-cleaned before you store it. Don't wait until next summer, because soiled garments

Oiling, Grading And Patching For Street Crews

Granite City street crews returned to oiling and rocking alleys late last week on a time basis as crews also had other duties such as grading, hauling excess dirt and servicing lift stations.

Sidewalk crews continued on the job, while other workers patched streets, replaced defective stop signs and potholes, cleaned manholes and catch basins and operated the street sweeper and sewer cleaning machines.

may attract silverfish and moths during storage. The U. S. Department of Agriculture has something special for brides. 115 Attend Teacher- Preacher Annual Dinner

Over 100 persons attended the fourth annual "teacher-preacher" banquet given Thursday evening by the Quad-City Ministerial Association for new teachers in the Granite City school system.

Dr. J. L. Buford, superintendent of Mt. Vernon schools and a past president of the National Education Association was the guest speaker.

He stressed the need for teachers to keep pace with new ideas in the field of education and to become active in community affairs. "We're helping humanity," he said, "and what's more important in this world than helping humanity?"

Special guests were Robert Spengler, president of the school board; Dr. Harold M. Kaiser, superintendent of schools, and school principals, along with the new teachers and their husbands and wives. Rev. R. Beatty, pastor of the First Church of the Nazarenes, presided at the association, and Rev. Paul Evans of the First Assembly of God church was program chairman.

The dinner was held at the First United Presbyterian Church, 22nd street and Delmar avenue.

Planning Begins For Fire Prevention Week

Members of local fire departments and the Tri-Cities Independent Insurance Agents Association are working together to prepare for the Oct. 7-13 observance of Fire Prevention Week.

For homeowners, the departments and association suggest fire prevention measures which can be taken in advance of the week and on a year-round basis for safety. They recommend—

"Check your attic and basement for accumulations of old newspapers, empty paint cans and other combustible trash which feed fires, and also check electrical circuits, appliances and extension cords to make sure they are in proper working order."

Your range may be old and tired—don't fight it—trade it!
FOR A MODERN AUTOMATIC ELECTRIC RANGE

When a premium cut of meat comes out
dry and scorched, or your favorite
cake recipe falls flat on its face, it's a
temptation to take it out on your old
range.
But hold it! Chances are the old pot-
scorcher has had its day. Don't fight it—
trade it... for a sleek modern electric

range with such features as "burners with
brain" that can't scorch food... built-in
electric rotisserie... gleaming illumina-
ated ovens (right at eye level if you
choose)... built-in meat thermometer
that lets you shop, bowl or play with the
children while your roast gets done per-
fectly every time.

See your appliance dealer about a trade-in on your old range—do it now!

YARD SIGNS are appearing in all sections of Granite City urging a
"yes vote" in the Oct. 2 election on a \$10,000,000 revenue bond issue for
drainage and pollution abatement. B. C. "Tip" O'Neill, who is in charge
of the signs, said today over 125 have been placed and requests are be-

ing received every day. "We've delayed the distribution because many
persons are still cutting their yards." Requests for the signs are being
handled by G. W. Heischler, chairman of the Citizens' Committee, at his
office, TR 6-4252.

Dinner Here Thursday For Downstate Art Instructors

Granite City will be host to a
semi-annual meeting of the Illi-
nois Downstate Art Teachers
Association at a 6:30 dinner
gathering in the high school ca-
tereria Thursday, Sept. 27.

About 200 are expected to at-
tend; it was learned from El-
gene Aikari, Granite City school
art director, who will serve as
master-of-ceremonies.

Presiding will be Mrs. Ruth
Christie of Highland, new presi-
dent. She will present greetings
on behalf of the association and
will be presented the gavel of
her office by Mrs. Robert Blair.

Guest speaker will be M. J.
Bardot, writer, lecturer and tele-
vision narrator on art and relat-
ed subjects. His topic will be
"Economics of Art."

Art representative and consul-
tant with Century Studios,
St. Louis, Bardot is a past presi-
dent of the St. Louis Art Direc-
tors' Club and a past president

of the Process Printing Associa-
tion. Chairman of the art direc-
tors' group's first award pro-
gram, he is a veteran of 25 years
in the art and advertising fields.

An "organ spectacular" will be
presented by Albert Froemming,
executive vice-president of the
Madison County Savings and
Loan Association. Mrs. Susan
Moll, Frather junior high school
dramatics instructor, will pre-
sent vocal music selections.

Elaborate Decorations
Welcoming talks are to be given
by County School Supt. Wil-
bur R. L. Timpe, Mayor Leon-
ard Davis' School Supt. Harold
M. Kaiser and GCHS Principal
Lawrence McCauley.

A smorgasbord meal will be
served, and elaborate decora-
tions in gold and white satin
will follow a Japanese theme.

Granite City has had an op-
portunity to entertain the ar-
tists' organizations every
fourth or fifth year. The group's
territory extends from Spring-
field to Cairo, and its principal
meetings are held in the fall and
spring.

Assessors To Meet To Set 1963 Policies

General policies to be followed
by Madison county's township
assessors in the 1963 quadren-
nial real estate assessment will be
discussed Thursday at Edwards-
ville.

The meeting of the Madison
County Assessors Association
was called by the president, Al-
ton Assessor James P. Gorman
and will be held at 10 a.m. in the
office of County Treasurer Daniel
McGee.

Members of the executive com-
mittee of the county assessor
group include H. Von Dee Cruse
of Granite City and Joseph Ber-
grath of Venice Township.

Gorman said he proposes to
recommend that next year's as-
sessment be continued on a basis
of 60% of full value of prop-
erties. It is hoped that this plan
will assure Madison county of a
continued "multiplier of one."

The county has had a multi-
plier of one since 1958. This means
that its assessment is accepted
without being boosted by the
state department of finance for
purposes of equalization.

Two Accused of Theft Of Construction Tools

Perren Muir, 35, of 632
Lincoln, Venice and Norman
Adams, 22, of 500 Main street,

ings Thursday afternoon and
were bound over to the grand

They are accused of stealing
three power saws valued at \$400
from the Practical Construction
Co. from the location at the end
of Edwards street, where con-
struction of Anchorage Homes
for the elderly is under way. The
theft was reported Sept. 4.

Name Correction
The name of Norman Meyer
P. was in error in a headline in
last Thursday's issue. The item
announced the engagement of
Miss Sharon Sue Curry, 4740
Nameoki road, to Mr. Meyer,
who lives at 4002 North street.
